**Professional Engineers and Other Legislation Amendment Bill 2014**

Dear Research Director of the Transport, Housing and Local Government Committee,

I am writing to you regarding the Professional Engineers and Other Legislation Amendment Bill 2014.

AIB supports this amendment bill in its entirety, and there is no part of the bill that we believe needs to be altered or corrected. We believe that this amendment bill advances professionalism, with largely administrative provisions to improve the Act. We would request that the Queensland Government consider a similar Act for professional construction managers and builders.

AIB looks forward to working with the Queensland Government to further the aims of maintaining the high standards in building and construction, and we are available for further consultation if required.

Please contact the AIB CEO Robert Hunt on 02 6247 7433 or at [robert.hunt@aib.org.au](mailto:robert.hunt@aib.org.au) or myself if you wish to discuss further or organise a meeting.

Yours sincerely

Mr Jeff Palmer  
**AIB Qld Chapter President**
